

Bobobox Skill Test QA Engineer

Hello, my name is Gilang Zhanuardy Pamungkas. I want to give you a details about my result in this Bobobox Skill Test QA Engineer. So the result for this test is an Automation Script for Swag Labs Website and the Test Case Document that I created by myself.

The number of test case that I made was 11, include positive type testing and negative type testing. You can see the Test Case Document at the following link:

Test Case Document:

<https://docs.google.com/spreadsheets/d/10kSP37DaWjuidfrXcQQOCZBXhGxVsl72UoXOK8IkpCc/edit?usp=sharing>

For the Automation Script, I created using Selenium Webdriver with Java language and I integrated with Page Object Model or POM. You can see and try the Automation Script that I made at the following link:
